# Protective Sanitary Caps

## Protective probiotic descaling cleaner for sanitary areas

### DESCRIPTION

Concentrated daily probiotic descaler for sanitary areas: toilets, showers, floors, etc. Establishes a natural protective microflora on surfaces. PolVita probiotics continue to break down dirt for up to 14 days after application for a clearly visible result. Fresh minty scent.

### METHOD

Particularly suitable for removing dirt from washbasins, urinals, showers, toilet seats, wall surfaces, doors, contact points, etc.

- Prepare the solution in a spray bottle.
- Spray the solution onto the surface to be cleaned.
- Wipe using a microfibre cloth.

For switches, it is recommended to apply the product with a piece of paper or with a microfibre cloth for safety reasons.

### USAGE

1. Rinse the spray bottle before each refill.
2. Fill the spray bottle with water. Do not fill to the brim, leave enough space to allow the concentrate to mix.
3. Screw the Caps completely onto the spray bottle and shake.
4. Remove the Caps and screw on the spray head.
5. After use, return the empty Caps to the cartridge for recycling.

### TECHNICAL CHARACTERISTICS

- Scent: mint
- Colour: pink
- pure pH: 4.2 ± 0.5

### STORAGE AND CONSERVATION

- Store the product in its original sealed packaging. Do not allow to freeze.
- A slight deposit may appear.

### ECOLOGICAL INFORMATION

- Biodegradable product (EC 648/2004)
- 100% recyclable packaging

### WASTE MANAGEMENT

The manufacturer guarantees the complete recycling of empty Caps. Consult your distributor to return your packaging to the manufacturer free of charge.
