

B 260 RI BP

The ride-on scrubber drier B 260 RI Bp, which is equipped with 260 l tanks and has been developed for the toughest industrial applications, impresses users with its driving speed of up to 10 km/h.

Order no. 1.480-257.0

- Adjustable brush contact pressure
- EASY Operation selector switch
- Scrubbing and sweeping in one go

Technical data		
EAN code		4054278954356
Drive type		Battery
Traction drive		Traction motor
Working width of brushes	cm	100 - 120
Working width, vacuuming	cm	114 - 134
Tank of fresh/dirty water		260 / 260
Theoretical area performance	m ² /h	max. 12000
Practical area performance	m ²	8400
Battery	V	36
Driving speed	km/h	max. 10
Brush contact pressure	kg	150
Aisle turning width	cm	212
Water consumption	l/min	max. 9
Total permissible weight	kg	1840
Weight without accessories	kg	499
Dimensions (L × W × H)	mm	1950 × 1040 × 1570

Equipment		
Auto Fill		■
Powerful traction drive		■
Automatic water stop		■
Parking brake		■
Adjustable steering wheel		■
Solenoid valve		■
Squeegee, curved		■
2-tank system		■
standard daytime driving light		■
Type of suction lips	Linatex®	
Kärcher colour and operating concept		■
Kärcher Intelligent Key System (KIK) with over 30 user languages and individual user rights		■
Home Base fastening possibilities for mop or similar		■
speed reduction in curves for increased safety		■
electrical and mechanical float switch		■
Easy Operation selector switch		■

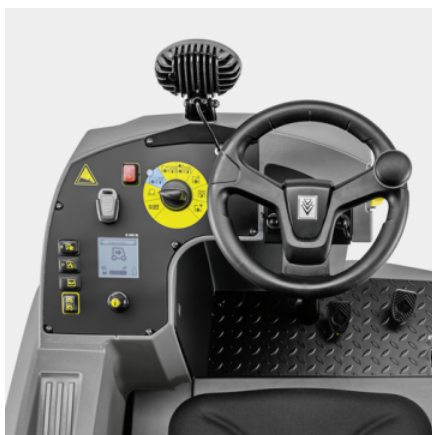

■ included in the scope of supply.

Users must receive training on this device.

Newly developed roller brush head

- Greatly improved sweeping results and prevents squeegee blockages.
- The rollers can be changed in a matter of seconds and without tools.
- Excellent cleaning results.

10 km/h driving speed

- Enables a high area performance in next to no time and quick transportation operations.
- The steering angle sensor acts as a safety feature when driving in curves.
- There is automatic braking if speed is too high when driving in curves.

Includes two turbines as standard

- Excellent vacuuming results on all surfaces.
- Wear-free Ec turbines.
- Optimised airflow with the newly developed squeegee.
