## SW813 Chewing Gum Remover

**DESCRIPTION:** This product makes the messy job of removing chewing gum, candle wax, putty and other gummy substances quick and neat. The 'freeze action' feature actually hardens the gum and turns it brittle enough to remove from carpeting, fabrics or hard surfaces such as desk-tops. No staining or chemical residue is left behind. NOTE: Care should be exercised when using this product as frostbite may occur if sprayed on the skin.

**USES:** Attack those gummy substances where they stick. Use with or without the extender tube on chairs, carpet, furniture, draperies, floors, clothing, upholstery.
