Betco makes the MotoMop easier to maintain
with the separately purchased maintenance kit.
Item #: EP50262-00

Cleans faster, better, safer. The MotoMop™ cleans 4x faster than a mop and bucket, and is 38x more effective in picking up soils than a mop and bucket when measured with an ATP test meter. The MotoMop's engineered design leaves the floor dry reducing the potential for costly slip and fall accidents. MotoMop's versatile and compact features are perfect for schools, hospitals, retail or any institution that wants a better and more cost-effective clean.

Productivity: • Up to 7,320 sq.ft./hr.
• Up to 2,000 sq.ft./per
solution fill

Falls in the workplace are the number one preventable loss type. In public places are the leading cause of injury.

One of the most common causes of slip and fall accidents is water or foreign substances on the floor.

The Betco MotoMop ensures the floor has a much quicker dry time vs. a standard mop and bucket and will help to ensure your facility is more clean and safe.
