The Ultimate Time Machine

Time Saving Power

Stackable, maneuverable and powerful, this High Velocity Air Mover combines the performance and durability you need to dry carpets and floors fast.

Ergonomic One Touch air velocity control

The 3-speed control switch lets you adjust the air speed velocity to meet your drying needs, from a maximum air velocity of 3800 to a minimum velocity of 2700 ft./min.

Fast maneuvering with a telescopic handle

The stackable design makes it easy to store or move. The built-in, telescopic handle lets you quickly maneuver the air blower to the next spot that needs drying.
