

Deb® Pure Restore

A mild, perfume-free after-work conditioning cream to help maintain healthy skin and avoid dryness

Usage: Apply at the end of each work period to moisturize the skin while natural oils are being replenished. Apply small amount to clean dry hands.
Method of Use: Dispense one dose on to back of hand first and rub hands back-to-back, before palm to palm.

Features & Benefits

Contains Glycerine, Allantoin and Shea Butter

Excellent matrix of emollient and conditioning ingredients to help promote good skin condition.

Non-Greasy Formula - Pleasant after-feel encourages appropriate usage and compliance with skin safety procedures.

Provides a Remedial Action - Encourages the natural repairing of damaged skin.

Perfume-Free and Dye-free Formulation - Minimizes the potential for allergic reaction and is suitable for use in any environment, including where food is being handled.

Conforms with AFNOR NF S 75-601 (French 'norm' for assessing professional skin protection creams)
- Independently approved as an application to provide skin protection against moderately aggressive substances.

Anti-Irritant Properties - Helps to prevent irritation from moderately aggressive substances and reduces the risk of allergies.

Effective Formula - Skin hydration test shows that even after washing the skin's natural hydration level is maintained.

Insulates and Hydrates skin - Helps the skin's natural moisture to be retained and promote healthy skin.

Long Lasting Effect - Corneometer® test shows an increased residual moisture level of 64% 1 hour after application of the product. Continues to enhance skin condition long after application.

Tested for Compatibility with Latex - Can be used when wearing latex or nitrile gloves to help keep the skin in good condition.
